Kids will learn importance of eating the rainbow and getting your five fruits and veggies each day. We'll experiment with different cook's tools to show different ways to eat your fruits and veggies. We'll spiralize some zucchini and have veggie pasta and see how strawberries can be used in more than just dessert. Class lasts about an hour.

- **Breakfast Party, 12 kids, \$8 per kid**

Who doesn't love breakfast? We can make waffles, scrambled eggs, and fruit salad. Kids will learn basics of measuring and different techniques for working with eggs. Class lasts about an hour.

These classes can be adjusted to the age level of the students. Obviously younger kids will be more demonstrating, and older kids will have some more hands on activities. The classes can be done in the store, or in your home. These ideas are just some of the basics. We can certainly tailor an event to your specific requests.
